The seminars that we hold in the Village to share information about transitioning from independent living into community and aged care are always popular and help Residents prepare for their future needs. Recently we have seen an increase in Residents needing care who don’t have the financial and care approval paperwork in place and this has meant long delays in being able to move into the Manor or Lodge. In some cases this has meant that people from outside of the Village have been able to move in ahead of people within the Village community because their paperwork was not ready when needed.

The good news is that the “Cost of Care Forms” – the very long Centrelink Assets and Income Assessment that determines what a person pays towards their accommodation costs and their care costs is changing and the process has been made much simpler. These new forms are expected to be released by the Minister any day now. Centrelink or DVA pensioners who already have their financial assets and income known by the Government will now have one simple form to complete to provide details of their property – in our case, for most residents that will mean providing details of the equity they hold in their Village Unit. Pensioners who do not own their own home, such as renters, will not need to complete a form at all and will be able to just call Centrelink for an assessment to be sent to them. There is a separate, more detailed form for Non-pensioners to complete as Centrelink will not have their financial details on file.

Recent history has shown that the current timeframes from posting the completed form to receiving the final ‘cost of care’ letter from Centrelink are around 6-8 weeks. Although forms are usually only valid for 3 months, it is a simple phone call process to renew them, so we are encouraging Residents who feel that they would like to be well prepared to complete their forms as a kind of “insurance policy” so if and when the need arises, they can just call for an update and this will ensure they will not have any delay for admission into an aged care facility.

As always, I would encourage anyone with assets over $49,500 to get some advice BEFORE completing the forms because it can be beneficial to fall below the asset cut off levels ($49,500 and $168,351) that are used in the formula to determine eligibility for Government support to contribute towards some, or all, of your accommodation costs.

Our Retirement Living Manager, Julia Boyd, and our Village Nurse Team Leader, Judy Alaimo, will both be at the Health Expo in the Clarke Centre on the 16th of July to answer any questions you may have on the process to move into Aged Care.

Please make the time to have these conversations with your families so you are well prepared and supported if your needs change in the future.

Kim Jackson, Executive Manager

Another month upon us, hopefully everyone has survived the cooler weather. Certainly a chill in the air.

What a great day we had for the baby shower; the generosity of our people is amazing. The volunteers from the Mums Supporting Families In Need were so thankful. The money donations were also gratefully accepted; they will help to go towards food. So thank you all sincerely.

We are having a quieter month in July with the build-up for the market on Saturday the 27th July. We hope to see you at the market, you never know what you may find.

Planning for the Future

Planning for the future is savvy! At Village Baxter, we’re all for it!
Home Care | Residential Care | Powers of Attorney | Advanced Care Planning | Assessments

Most of us would agree, that ‘life happens whilst you make plans’. Some things we plan for: holidays, weddings, and retirement adventures. Some we don’t: e.g. being burgled, breaking a leg, or getting a flat tyre. If we are savvy, the stuff we didn’t plan on is covered. We get the house insurance, the health insurance and the roadside assistance ‘just in case’.

From August, we’ll be running a monthly ‘Taking Control of Your Future’ forum. This is an opportunity for residents of our village, their families, and other interested parties, to find out more about taking the ‘just in case’ steps to make sure that you are prepared for the future - no matter what it holds. Judy (Village Nurse Extraordinaire) and I will be available at the upcoming Health Expo to answer your questions and make sure these forums are useful to you.

Help Wanted

Every Friday at 10.30am, a few of our volunteers get together for a singalong to entertain the residents in the Manor. It is an event that the residents really look forward to. We are looking for more volunteers to help with distributing the song books and to assist manor residents turning the pages of the song books.

If you are able to help, please contact:

**Recipe**

**Tuna & Mushroom Pasta**

- 400gm pasta (fettuccine, spiral or penne)
- 90g butter
- 1 large onion, finely chopped
- 450g can tuna, drained, flaked
- 90g button mushroom, halved
- 300ml carton cream
- 2 tablespoons tomato paste
- Pinch ground black pepper
- A tablespoon chopped fresh parsley

Cook the pasta in a large saucepan according to packet directions or until al dente. Drain and set aside.
Melt butter in a pan and add onion, stirring until onion is soft. Add tuna, stir until mixed. Add mushrooms, cream, tomato paste and pepper, bring to the boil, then remove from heat and stir in parsley and serve.

*As with all recipes you can change them to suit your taste. Add more mushrooms if you desire. Substitute the tomato paste for wholegrain mustard. Add some cheese when serving. Use your favourite pasta. Not suitable to freeze*
Being Valued

As you may know, the motto for The Village Baxter is “Every person valued, every person cared for”. When I first came to work at the Village, I was very impressed by these words. I still am.

It is easy to like the people who like us; they are probably quite similar to us in their lifestyle and interests. I think it is much harder to value people who are different to us – people who don’t have the same background, or don’t see things like we do or who have other attitudes or beliefs.

For most of us it is quite a challenge to value every person.

When we read the Gospels, we find that Jesus valued and cared for all people, both in word and action. Jesus even valued the marginalised people in his society – the prostitutes, the tax collectors, the beggars, the foreigners and those with leprosy, to name a few. Jesus showed compassion and care for all people. Sometimes we don’t even value ourselves. But Jesus came to tell us that our lives are precious to God and that we are valued.

Jesus said, “Are not five sparrows sold for two pennies? And not one of them is forgotten before God. Why, even the hairs of your head are all numbered.. you are of more value than many sparrows.”

Sadly, often those who are older in our society can be forgotten. We need to value such people and particularly those who can no longer care for themselves. Every person is important.

Cicely Saunders demonstrated this when she founded the modern day hospice movement in the 1960’s in England. She said this to her patients – “You matter because you are you and you matter to the end of your life.” We can often measure a person by what they do or have done in the past. But here Cicely Saunders is saying people are important because of who they are and because of their intrinsic worth. This is a profound truth to live by.

Thank you

I would like to thank Baxter Village and especially maintenance for fixing my heating so promptly with winter so close. I’m keeping nice and warm. Much appreciated.

Lucy Paulsen  Unit 375

My family and I wish to thank the wonderful staff at the Manor for their loving care and support over the last 2 years of our cherished mum, Nellie Heerema, who sadly passed away on 12th June.

I would like to also thank my colleagues, friends, Liz Taylor and Apartment residents for their kind messages of sympathy, cards and beautiful flowers. I will be forever grateful.

Warm regards
